SPECIAL OFFERS

Special offers are coffees that we have discounted for various reasons. It may be because we are overstocked on a particular origin, or that the coffee has fallen below our quality expectations on arrival. In both of these situations, we will discount the coffee. We would much prefer to be transparent about quality and to move the coffee at a loss sooner, rather than let the coffee decline over time - this doesn't do our name, or the producers' name any credit! The coffees have been thoroughly QCed and the notes below represent the most recent cupping notes and any concerns we have with the quality. We believe they still represent great value and are well suited to a number of applications, including filter, espresso and blending.
