## SPECIAL OFFERS

Special offers are coffees that we have discounted for various reasons. It may be because we are overstocked on a particular origin, or that the coffee has fallen below our quality expectations on arrival. In both of these situations, we will discount the coffee. We would much prefer to be transparent about quality and to move the coffee at a loss sooner, rather than let the coffee decline over time - this doesn't do our name, or the producers' name any credit! The coffees have been thoroughly QCed and the notes below represent the most recent cupping notes and any concerns we have with the quality. We believe they still represent great value and are well suited to a number of applications, including filter, espresso and blending.

### GUATEMALA

*This coffee was delayed in transit between leaving Guatemala and arriving in Australia. Although it is still presenting excellent sweetness and complexity, it is slightly more muted than we would like, and has scored a point or two lower than expected. To more accurately represent the quality in the cup, the San Patricio lot has been discounted from \$22.50 to \$15.50. This coffee offers unique regional and variety characteristics and will excel in a number of applications.*

GUATEMALA, Palencia	San Patricio El Limon Pacamara	Pacamara	Washed	Nov-21	Jasmine aroma, with cherry, raspberry and almond praline in the cup. Slightly muted, but still presenting great complexity and sweetness.	6	30	Grain Pro	IN STOCK
