**Please note: Due to high demand we are now requiring that all Ethiopian, Kenyan and specially-prepared or rare variety offerings are paid for in full within a strict 30-day period from landing (we are happy to store the coffees for as long as required, provided they are paid for in full). This is to ensure we are seeing income from these coffees relatively quickly and to build cash reserves to pay for future shipments. Please consider these payment terms as you reserve your allocations from this year's line up.*
